June 30, 2025

Attention All Shareholders,

We would like to inform you that the National Grid has posted a service termination notice for several buildings. However, we want to assure you that the housing company made a substantial payment to National Grid on Friday, and there has been a misunderstanding regarding the service status. There is no risk of service termination.

Please note that notice pertains to gas only as we enter the summer months, we will have a better opportunity to manage and catch up on gas expenses, as heating demands are reduced. This will enable us to significantly reduce any existing balances over the summer months.

We appreciate your patience and understanding during this time.

Sincerely,

Khedda Hayden-Ryan  
Property Manager
